OUR STORY

Tina's Wish was founded in 2008 in memory of the Honorable Tina Brozman, former chief judge of the SDNY Bankruptcy Court. The organization funds innovative scientific research for the early detection and prevention of ovarian cancer, and provides critical gynecologic health education.

Know Early. Know Hope®.
This is our mission.

"I am not angry about having ovarian cancer. I am angry that I did not know sooner so I could have a fighting chance."

— TINA BROZMAN, 1952–2007

THE NEED

OVARIAN CANCER is the **#1** deadliest gynecologic cancer, largely because there is **NO** effective early detection test

80%

of women are diagnosed with **OVARIAN CANCER** at advanced stages

The **5-YEAR** survival rate at an advanced stage is only **27%** compared to a **93%** **5-YEAR** survival rate when diagnosed in **STAGE 1**

SINCE 2008

\$34 MILLION RAISED

for 60 scientific research projects focused on early detection and prevention of ovarian cancer

\$2.4 MILLION

in annual grant funding

Women deserve to know earlier and have a fighting chance against ovarian cancer. Together we can make Tina Brozman's wish for early detection a reality.

MORE THAN A FASHION SHOW

Runway for Research is an unforgettable evening of storytelling and fashion, where guests will learn about the heart behind our mission.

Brave ovarian cancer warriors, family members, researchers, and doctors will walk the runway as our incredible models! This inspiring event brings **over 500 guests** together to honor their stories and the fight against ovarian cancer.

OUR GOAL

Raise \$555k to fund research grants across the country for the early detection and prevention of ovarian cancer.

“

It's a chance to feel beautiful, a chance to have your makeup done, to wear these beautiful clothes. There's all kinds of body types. And then being able to be surrounded by survivors, who have been through hell and back, and you get to share this moment together where you just get to feel fierce and support each other and cheer and celebrate – it's awesome.
